

## POSTERS FOR PRESENTATION ON FRIDAY 5TH MAY

- 10610** SHORTENING STAY IN HOSPITAL FOLLOWING LAPAROSCOPIC FUNDOPLICATION Upper GI
- 10618** LAPAROSCOPIC ANTERIOR FUNDOPLICATION REQUIRES MORE POST-OPERATIVE ACID SUPPRESSION TH Upper GI
- 10637** MANAGEMENT OF INFLAMMATORY PSEUDOTUMOUR OF THE LIVER: A SYSTEMATIC REVIEW Upper GI
- 10645** MULTIVARIATE ANALYSIS OF FACTORS PREDICTIVE OF DYSPHAGIA AFTER LAPAROSCOPIC FUNDOPLICA Upper GI
- 10663** Centralization of surgery for pancreatic cancer in England 1997-2004 Upper GI
- 10686** COLORECTAL LIVER METASTASES: DOES MODE OF PRESENTATION INFLUENCE RESECTABILITY? Upper GI
- 10759** A COMPARATIVE STUDY OF LAPAROSCOPIC HELLER MYOTOMY +/- TOUPET FUNDOPLICATION FOR ACHA Upper GI
- 10779** Helicobacter Pylori infection, gastritis and intestinal metaplasia are associated with down-regulation of the E-Cadherin Upper GI
- 10800** LENGTH OF SURVIVAL FOLLOWING DIFFERENT TREATMENTS FOR PATIENTS WITH NON-CURABLE OESOPH Upper GI
- 10816** CENTRALISATION OF PATIENTS WITH BILIARY TREE CANCER IS ASSOCIATED WITH FEWER ADVERSE EVE Upper GI  
CHARACTERISATION OF ALVEOLAR MACROPHAGES AND SYSTEMIC PHAGOCYTOSIS DURING AN
- 10867** EPISODE OF SEVERE ACUTE PANCREATITIS Upper GI
- 10999** HICCUPS – AN UNRECOGNISED SYMPTOM OF ESOPHAGEAL CANCER Upper GI
- 11051** ARGININE INHIBITS GASTRIC CANCER CELL GROWTH Upper GI
- 11096** Objective and Quantitative Demonstration Of Improvement in Voice Quality After Anti – Reflux Surgery Upper GI
- 11107** THE USE OF ROUTINE PREOPERATIVE ULTRASOUND SCANS BEFORE ELECTIVE LAPAROSCOPIC CHOLEC Upper GI
- 11159** HUMAN DISCS LARGE GENE: A NOVEL TUMOUR REPRESSOR GENE IN OESOPHAGEAL ADENOCARCINOM Upper GI
- 11182** LIVER SURGERY FOR NON COLORECTAL LIVER METASTASIS IMPROVES SURVIVAL Upper GI
- 11212** PYLORUS PRESERVING PANCREATODUODENECTOMY VERSUS STANDARD WHIPPLE PROCEDURE? A M Upper GI
- 11229** REDUCTION OF BLOOD TRANSFUSION RATES IN UPPER GI SURGERY WITH SONOSURG Upper GI
- 9075** THE FORGOTTEN TRIBE: CLAUDICANTS IN GENERAL PRACTICE. Vascular
- 9128** SHOULD PRE-OPERATIVE TROPONIN BE A STANDARD REQUIREMENT IN PATIENTS UNDERGOING MAJOR Vascular
- 9579** TAURINE PROTECTS RAT SKELETAL MUSCLE FROM FUNCTIONAL IMPAIRMENT PRODUCED BY ISCHAEMIA Vascular
- 9658** THE INFLUENCE OF STATIN THERAPY ON INFRAINGUINAL VEIN BYPASS GRAFT PATENCY Vascular
- 9780** Systematic review and meta-analysis of prevention of infection after arterial reconstruction Vascular
- 9968** CAPILLARY FILTRATION CHANGES IN PATIENTS WITH CHRONIC VENOUS INSUFFICIENCY Vascular
- 9971** CAPILLARY FILTRATION CHANGES IN PATIENTS WITH CHRONIC VENOUS INSUFFICIENCY Vascular
- 10038** SYSTEMIC INFLAMMATION AND OUTCOME AFTER ELECTIVE AND EMERGENCY ABDOMINAL AORTIC ANEU Vascular
- 10040** PREOPERATIVE THROMBOCYTOPENIA AND OUTCOME AFTER RUPTURED ABDOMINAL AORTIC ANEURYSI Vascular
- 10049** QUALITY OF LIFE LIMITATIONS POST VARICOSE VEIN TREATMENT: EVLT BETTER THAN SURGERY Vascular
- 10066** BRANCHED GRAFTS TO THE INTERNAL ILIAC ARTERIES: A CASE OF NEED Vascular
- 10097** Should vascular surgeons be trained in endovascular techniques? Vascular
- 10099** FISTULAS, GRAFTS OR TUNNELLED CATHETERS IN RENAL FAILURE? LONG-TERM FOLLOWUP FROM A Vascular
- 10110** SECONDARY RISK FACTOR PREVENTION IN PATIENTS WITH INTERMITTENT CLAUDICATION: NO SIGNS OF Vascular
- 10168** PRE OPERATIVE SERUM LACTATE AS A PREDICTOR OF MORTALITY AFTER RUPTURED ABDOMINAL AORT Vascular

|              |  |          |
|--------------|--|----------|
|              | PREOPERATIVE BETA-BLOCKER AND STATIN USE IN PATIENTS WHO UNDERWENT SUCCESSFUL  |          |
| <b>10186</b> | ELECTIVE ABDOMINAL AORTIC ANEURYSM REPAIR (A RETROSPECTIVE EVALUATION)   | Vascular |
| <b>10212</b> | Angioplasty versus Surgical Bypass for Subclavian Arterial Occlusive Disease   | Vascular |
| <b>10250</b> | PERIOPERATIVE ANTIBIOTIC PROPHYLAXIS FOR PROSTHETIC GRAFTS - SURVEY OF VASCULAR SURGEON  | Vascular |
| <b>10253</b> | THE USE OF CT ANGIOGRAPHY (CTA) IN EVALUATING PERIPHERAL VASCULAR DISEASE OF THE LOWER LIMB  | Vascular |
| <b>10265</b> | Venous ulcer recurrence after superficial venous surgery may not be due to residual venous reflux                                  | Vascular |
| <b>10292</b> | DAY-CASE ANGIOPLASTY IN DIABETIC PATIENTS WITH CRITICAL LEG ISCHAEMIA  | Vascular |
| <b>10293</b> | LONGITUDINAL HAEMODYNAMIC FORCE ACTED ON BIFURCATED ENDOGRAFT MODEL IS GREATER THAN THAT   | Vascular |
| <b>10296</b> | CEREBRAL OXIMETRY MONITORING FOR THE DETECTION OF ISCHAEMIA DURING CAROTID ENDARTERECTOMY  | Vascular |
| <b>10309</b> | TRENDS IN NATIONAL AMPUTATION RATES - ARE WE REDUCING THE RATE WITH BYPASS SURGERY?  | Vascular |
| <b>10320</b> | Deep Venous Thrombosis In An Asian Population: A Hospital-Based Study  | Vascular |
| <b>10326</b> | APPLICABILITY OF GLASGOW ANEURYSM SCORE AND HARDMAN INDEX TO ELECTIVE ENDOVASCULAR ABDOMINAL AORTIC ANEURYSM REPAIR(EVAR)          | Vascular |
| <b>10357</b> | EARLY ANEURYSM DETECTION IMPROVES OPERATIVE OUTCOME: TWELVE YEAR EXPERIENCE OF ABDOMINAL AORTIC ANEURYSM REPAIR                    | Vascular |
| <b>10375</b> | A PROSPECTIVE RANDOMISED TRIAL COMPARING LOW AND HIGH DOSE FIBROBLASTS (ICX-PRO) IN HEALING OF                                     | Vascular |
| <b>10418</b> | SINGLE CENTRE EXPERIENCE OF EVAR IN PATIENTS NOT PARTICIPATING IN UK EVAR TRIALS   | Vascular |
| <b>10451</b> | DOES SINGLE SUPRA RENAL ARTERY CLAMPING ALTER OUTCOME IN JUXTA-RENAL AORTIC ANEURYSM REPAIR  | Vascular |
| <b>10452</b> | CRITICAL BLEEDING IN VASCULAR SURGERY.EXPANDING THE INDICATION OF RECOMBINANT ACTIVATED FACTOR VIIA                                | Vascular |
| <b>10471</b> | INTIMAL NEOVASCULARISATION IS A PROMINENT FEATURE IN ATHEROSCLEROTIC PLAQUES OF DIABETIC PATIENTS                                  | Vascular |
| <b>10476</b> | ROUTINE DUPLEX SCANNING IN GRAFT SURVEILLANCE AND FACTORS PREDICTING FAILURE   | Vascular |
| <b>10478</b> | THE INCIDENCE OF CARDIAC FAILURE AS ASSESSED BY CARDIOPULMONARY EXERCISE TESTING (CPX).  | Vascular |
| <b>10509</b> | TUMOR NECROSIS FACTOR ALPHA (A PRIMARY INFLAMMATORY MEDIATOR) AND THE EARLY INFLAMMATORY RESPONSE                                  | Vascular |
|              | ULTRASOUND GUIDED FOAM SCLEROTHERAPY (UGFS)  |          |
|              | COMPARISON OF EARLY OUTCOME IN TREATING VARICOSE VEINS (VV'S) OF THE LONG SAPHENOUS VEIN (LSV) VS. THE SHORT SAPHENOUS VEIN (SSV). |          |
| <b>10526</b> | VEIN (LSV) VS. THE SHORT SAPHENOUS VEIN (SSV).   | Vascular |
| <b>10613</b> | ORTNER'S SYNDROME AND ENDOVASCULAR REPAIR OF DISTAL AORTIC ARCH ANEURYSMS  | Vascular |
| <b>10625</b> | ARE THE RESULTS OF ENDOVASCULAR AORTIC ANEURYSM REPAIR (EVAR) AS POOR AS THE NATIONAL INFLAMMATORY RESPONSE                        | Vascular |
| <b>10634</b> | SWIRLING FLOW REDUCES MYOINTIMAL HYPERPLASIA AND THROMBUS FORMATION IN PTFE ARTERIO-VENOUS BYPASS                                  | Vascular |
| <b>10650</b> | Minimal Access Repair of Infrarenal Abdominal Aortic Aneurysm  | Vascular |
| <b>10674</b> | RECORDING QUALITY OF LIFE IN VARICOSE VEIN SURGICAL PRACTICE   | Vascular |
| <b>10724</b> | PERSONAL BEDSIDE PATIENT TELEVISIONS MIGHT INCREASE THE RISK FOR DEEP VEIN THROMBOSIS (DVT)  | Vascular |
| <b>10741</b> | THE FORGOTTEN SIDE: IN-VIVO ASSESSMENT OF INFLAMMATORY ATHEROMA BURDEN ON THE CONTRALIMB   | Vascular |
| <b>10752</b> | SCORING SYSTEMS DO NOT ACCURATELY PREDICT OUTCOME FOLLOWING ABDOMINAL AORTIC ANEURYSM REPAIR                                       | Vascular |
| <b>10762</b> | MODULATION OF TOURNIQUET-INDUCED REPERFUSION INJURY BY GLUTAMINE PRECONDITIONING: EVIDENCE FROM A                                  | Vascular |
| <b>10778</b> | VEIN DIAMETER: DOES IT AFFECT THE OUTCOME OF INFRAINGUINAL VEIN BYPASS?  | Vascular |
| <b>10832</b> | BEST MEDICAL THERAPY FOR PERIPHERAL ARTERIAL DISEASE IN PRIMARY CARE   | Vascular |
| <b>10838</b> | NON-INVASIVE VASCULAR ASSESSMENT IN MAJOR LOWER LIMB AMPUTATION  | Vascular |

|              |   |            |
|--------------|---|------------|
| <b>10853</b> | Exposure of the peroneal artery: a novel approach   | Vascular   |
| <b>10892</b> | MANAGEMENT OF MENIGOCOCCAL SEPTICAEMIA AND PURPURA FULMINANS - A MULTIDISCIPLINARY AP                                 | Vascular   |
| <b>10910</b> | Amends in the Management of Critical Lower Limb Ischaemia (CLI). The Influence of Deliberate Practice Volume on       | Vascular   |
| <b>10917</b> | INTRA-ABDOMINAL HYPERTENSION FOLLOWING RUPUTRED ABDOMINAL AORTIC ANEURYSM (rAAA): OPE                                 | Vascular   |
| <b>10954</b> | ABDOMINAL AORTIC ANEURYSMS EXPRESS INTERLEUKIN-8 (IL-8) AND MONOCYTE CHEMOATTRACTANT F                                | Vascular   |
| <b>10990</b> | ENDOVENOUS LASER TREATMENT (EVLT) FOR RECURRENT VARICOSE VEINS (RCVV)   | Vascular   |
| <b>10993</b> | QUALITY OF LIFE FOLLOWING THORACOSCOPIC SYMPATHECTOMY (TS) FOR PALMAR HYPERHIDROSIS                                   | Vascular   |
| <b>11078</b> | PLATELET HYPERACTIVITY INCREASES WITH INCREASING SEVERITY OF PERIPHERAL ARTERIAL DISEASE                              | Vascular   |
| <b>11093</b> | ABDOMINAL AORTIC ANEURYSM (AAA) EXPANSION: SUPPORT FOR A SURVEILLANCE PROTOCOL  | Vascular   |
| <b>11142</b> | PRE-OPERATIVE MULTI-DETECTOR CT-ANGIOGRAPHY AND CALCIUM SCORING PREDICTS THE NATURE C                                 | Vascular   |
| <b>11171</b> | Femoro-distal vein graft bypass and experience of duplex surveillance.  | Vascular   |
| <b>11214</b> | THE TOE AMPUTEE, SURGICAL OUTCOME AND LONG TERM MORTALITY   | Vascular   |
| <b>9388</b>  | A Review of the Anatomical Variations of the Renal Vessels with Particular Emphasis on Tributaries of the Left Renal  | Transplant |
| <b>9704</b>  | STATIC NORMOTHERMIC PRESERVATION OF RENAL ALLOGRAFTS USING A NOVEL NON-PHOSPHATE BUF                                  | Transplant |
| <b>9842</b>  | CHANGES IN ISOTOPIC GFR POST DONOR NEPHRECTOMY-SINGLE CENTRE EXPERIENCE   | Transplant |
| <b>9878</b>  | TRANSPLANTATION OF THE SPLEEN: A STRATEGY TO INDUCE IMMUNOLOGICAL TOLERANCE?  | Transplant |
| <b>10335</b> | Postoperative complication profile and donor recovery rates in a consecutive series of 115 laparoscopic live donor ne | Transplant |
| <b>10415</b> | Management of aneurysms in arterio -venous haemodialysis fistulas   | Transplant |
| <b>10678</b> | Experience with Extension technique in the treatment of dialysis access associated steal syndrome DASS                | Transplant |
| <b>10765</b> | OPTIMAL RETRIEVAL CONDITIONS IN RENAL TRANSPLANTATION. A NOVEL NON-PHOSPHATE BUFFERED                                 | Transplant |
| <b>10857</b> | ROLE OF SPIRAL CT ANGIOGRAPHY FOR DEFINING RENAL VASCULAR ANATOMY PREOPERATIVELY FOR                                  | Transplant |
| <b>8997</b>  | Study of Different Surgical Techniques which causes less Post-Circumcision Bleeding, Pain and infection in Children'  | Paeds      |
| <b>9954</b>  | Meckel's diverticulum and other Vitello-intestinal duct remnants in children. A 30 year review.                       | Paeds      |
| <b>10243</b> | MORPHOLOGICAL VARIATIONS IN INCOMPLETELY DESCENDED TESTIS   | Paeds      |
| <b>10871</b> | EFFECT OF THE PROVISION OF ALCOHOL GEL ON HANDWASHING PRACTICE ON A PAEDIATRIC SURGICA                                | Paeds      |
| <b>9171</b>  | ULTRASOUND GUIDED FNA (UG FNA)VERSUS CLINICIAN DIRECTED FNA (CDFNA) FOR DISCRETE THYROI                               | Endocrine  |
| <b>9874</b>  | TREATMENT FOR MILD ASYMPTOMATIC HYPERPARATHYROIDISM – A SYSTEMATIC REVIEW OF RANDOM                                   | Endocrine  |
| <b>10065</b> | SIMILAR DECREASES IN INTRAOPERATIVE PARATHYROID HORMONE LEVELS IN PATIENTS WITH PRIMARY                               | Endocrine  |
| <b>10278</b> | MANAGEMENT AND OUTCOME OF CARCINOID TUMOURS   | Endocrine  |
| <b>10605</b> | Two Sample Intraoperative Parathormone Assay-A DGH Experience.Is This Adequate and Cost Effective?                    | Endocrine  |
| <b>11169</b> | Recurrent Thyroid Cysts-Value of Diagnostic Aspirations.  | Endocrine  |
